38th International Congress of the ISBT Barcelona, Spain
June 23-27, 2024

In conjunction with the Spanish Society of Blood
Transfusion and Cellular Therapy (SETS)

ISBT Barcelona 2024: A Global Gathering of Transfusion Professionals

The International Society of Blood Transfusion (ISBT) is excited to invite you to the 38th International Congress, set to take place in Barcelona, Spain from June 23-27, 2024. **Registration is now open for #ISBTBarcelona!**

Building on the success of previous congresses, ISBT Barcelona 2024 aims to meet the contemporary needs of transfusion professionals worldwide. In an era dominated by electronic communication, #ISBTBarcelona seeks to provide a platform for personal, face-to-face opinion interchange, lively discussions, and networking opportunities.

"We are excited to bring together transfusion professionals from around the world for the 38th ISBT Congress in Barcelona," said Jason Acker, ISBT Scientific Secretary. "This event will offer a unique opportunity for knowledge sharing, networking, and addressing the challenges faced in the field."

The venue chosen for the Congress is the Barcelona International Convention Centre (CCIB), offering a cutting-edge setting for scientific sessions, workshops, and networking opportunities. The Congress will commence with a local day on June 23, featuring content specifically tailored in Spanish. The following days will unfold with a diverse program, incorporating scientific sessions, academy sessions, workshops, and poster presentations, covering a spectrum from cutting-edge science to addressing the contemporary needs of transfusion professionals worldwide, all conducted in English.

"We anticipate strong support from local and global industry partners and promise a comprehensive trade exhibition," said the Local Organising Committee SETS (Spanish Society of Blood Transfusion and Cellular Therapy). "This will also include an evening welcoming gathering, providing ample opportunities for attendees to network and socialize."

#ISBTBarcelona is designed for:

- Scientists

- Laboratory Technologists
- Clinicians
- Nurses / Transfusion Practitioners
- Managers/Administrators
- Other Healthcare Professionals
- Students

Why You Should Attend?

Make more global connections and forge valuable, long-lasting links with transfusion medicine professionals from across the world. Learn from real cases and research; attend live sessions for the latest developments in all areas of transfusion medicine. Join experienced professionals in transfusion medicine and cellular therapies from around the world to learn and connect.
